

Havana, November 22, 2016

Professor Guangshan Zhu
State Key Laboratory of Inorganic Synthesis and Preparative Chemistry, Jilin University,
2699 Qianjin Street,
Changchun, China 130012

Dear Prof. Zhu:

We feel glad to invite you for Hot Topics 2017, the meeting on remarkable trends in current chemistry and general science scheduled to be held in Havana, Cuba, in January 6, 2017 (http://karin.fq.uh.cu/Hot_Topics_Chemistry/). There are activities programmed before and after the meeting, being you very welcomed since Jan. 4 to 7, 2017.

We look forward to join you for the very expected fruitful discussions.

All the best,

Prof. Dr. Luis A. Montero Cabrera
President
